

## William H Morris

April 4, 1930 - January 15, 2021

### Life Reflections

On Friday, April 4, 1930, William Henry Morris was born in Carrolton, Georgia. "Bill" as he was affectionally called by those who knew and loved him, was the youngest child born to Vinnie Boyd and Wade Morris.

"Bill" left Georgia with only an 8th grade education and skills he had acquired to perform construction type work. With that knowledge he settled in Indiana and began working for himself as a construction subcontractor. After several years as a construction subcontractor he left that field of work to begin working for Volunteers of America in the position of Head of Maintenance. It was from that position he would later retire.

"Bill" had a huge caring heart and using the skills and knowledge he had acquired throughout his life, if he saw a need he could meet he was always willing to help. It was in his retirement that "Bill's" love for the Lord and studying the Word of God grew. Until his health began to fail, "Bill" would attend Berean Bible Church with his daughter Maria. Another enjoyment "Bill" had was caring for his beloved dogs.

"Bill" was preceded in death by his wife, Doris, his parents and his brother Johnnie.

"Bill" was called home on Friday, January 15, 2021. To cherish in his memory he leaves behind 3 daughters; Maria White, Brenda Morris Brown and Theresa Evans; Son in-law Roderick White; Step-children Patrick Caldwell and Lee Ann Caldwell; Grandchildren Elizabeth Tucker, Corey Shirley, Kelly Harrison, Latoya Hart, and Teesha Morris; and a host of great grandchildren, family and friends.

“ I am going to miss our phone calls. I just spoke to you a couple days before you were called home.  
Watch over us, you are and will be truly missed.  
Love you, Daddy.
