“ I met Antawan at One America and he was such a nice guy. My wife and I ran into Antawan at the store one a year ago. And every time he came to my job. He would always ask how I was doing. Followed by asking how my wife was doing. I could talk to Antawan for hours! He was one of the coolest guys that I have ever met. And he always had a smile on his face. I am going to miss talking to him. Because he was truly one of the good ones. This world needs more guys like Antawan in it. Because it would truly be a better place. RIP Antawan!! 🙏

“ While I did not know Antawan personally (he stopped by our office monthly to pick up water samples) - he made a big impression on me. His smile, laid back personality, love for his family, passion for sports and all around great demeanor is going to be missed. The world is a little less bright because of his absence. Again, I do not know any of Antawan's family or friends - but my heart goes out to each of you. Mary Held - Abrasive Processing - Fortville, IN
