“ DaeKorion was just hired on at Greatimes Family Fun Park. I interview a lot of kids throughout the years, but I will always remember his interview because he was so confident, but yet he had this calming presence to him. He said he wanted to go into computer engineering or cosmetology so he could be a barber. We both laughed because of how they were so different, but he was excited for his future. I may not of known him for a while, but my heart, along with all of Greatimes, mourns the loss of DaeKorion. Your family is in our thoughts and prayers.
