“ My youngest nephew....When I talked to you on the phone in February I had no idea that would be out last conversation. I did appreciate the conversations/texts we share a few years back. You were the only nephew I had that made me feel like an aunt; because, you were not older than me like your sisters and brothers .And you called me aunt Brenda. I had few, but, I cherish the memories that I have of you Kenaz and Kineta going to school/playing together. Also, our birthdays being two days apart keeps you forever in my heart. Love you, Aunt Brenda
