“ I loved that your big smile and kind voice were the first things I encountered each morning when arriving to work. Regardless of how you felt, how crummy the weather might have been, or how your day had gone, you always had a smile on your face and never had a bad thing to say about anyone. You were a good man, Ed, and you will be missed by many.

“ Thank you so much for your service to the community through the Marion County Public Health Department. You were very kind to me when we moved to the Johnson Building temporarily. I'll never forget the time you helped me get my tire aired up and sending to a reasonable service shop. God bless you and yours.
