“ To the family of LaQueda my condolences to you all. I recently found out about her in the obituaries. I have thought about her and her kids often. I met her in 2000 she was in the healthy families program . I was her family support specialist. Kiasia was just a baby. When she started the program and she had her son. She was such a kind, loving, funny, and intelligent individual. She had goals and was a good mother with goals for her future. It makes me proud to see what she accomplished in her life. I'm so sorry that our paths did not cross again. I always hoped I would see her again. To the family she was a jewel of a person. I'm sorry for your lost. God Bless you and keep you in his care.
