“ I didn't know Mitch but my son worked with him. He spoke highly of him and said that he loved his family fiercely! Very recently, on my son's 21st birthday, Mitch got up out of bed and went to grab a bite with him because some of the other guys weren't able to meet back up with him. My son told him it was alright but Mitch wasn't having it. For him to show that kindness to my son makes him pretty special in my book. My heart hurts for his wife and girls and entire family. I continue to pray for some sort of understanding and comfort during this time.

“ On one of our visits back to Indianapolis Mitch came by Steven & Hannah's house and I asked for the keys to the Vet. He thought about for a hot second then said "nah that's my baby" but he did Rev it up for me. He will be truly missed and our love and prayers go out to the family and friends. Newsom
