DR

“ I was in kindergarten with Rita. During the summer, after kindergarten, we ran into each other at the store, and hugged and hugged, like we hadn't seen each other in years. We went to school through high school together. YEARS later, our sons were friends. She also took care of my invalid father. She was a very nice lady!!! Thinking of LaShawn. ....Donna Branch Roscoe

DP

Rita was one of my students at Lange School. I recall her so well for her quiet, sweet demeanor. She brings wonderful memories to mind of a time I enjoyed so much. I would see her occasionally throughout the years until she moved from Terre Haute. I send my thoughts and prayers to Curtis and Vickie and others in the family. May God give you peace and comfort throughout your time of mourning. With much love,
