“ Stanley will always be remembered as the young man I grew up across the street from as a little girl as well as extended family. I have known this man all my life and he has always exemplified a pillar of the community. I have such great memories of Stanley as a leader for the south side, a mentor, and the first African American involved in politics. Being City Councilman and always going downtown to speak on our behalf as well as create programs for the youth of the south side will always be a fond memory for me. I know Stanley as a good husband, a great father, a wonderful son-in-law, and a friend to the south side community.

“ Rest in Love Uncle. I remember my walks to Uncle Stanley's and Aunt Diane's house with my dear sweet cousin Anthony. I left Indy as a young child and recently reconnected with Uncle Stanley and Aunt Diane. I showed up on their door step unannounced, it took them a few minutes, but they recognized who I was. Over the last year, I have enjoyed every text and phone call I was able to share with him. He loved his family and I feel honored to have been lucky enough to feel that love. His footprint will live on in all of us.

“ *The Strader's on Golay Street, the Bunnell's on Minocqua Street, in the Southside area called "Love Town", which later became known as the Barrington area. The families were close friends and neighbors well over 80 years! Many memories of the children from both families playing in the streets, the fields, along the railroad tracks and in Bethel Park many years ago. Stanley and I were co-workers at the US Dept. of Housing and Urban Development (HUD) until retirement. Referring to me with that big grin on his face, he would tell the other workers "well I've known him since he was in diapers". Well done "Big Stan", you have earned your wings in God's Kingdom! Condolences and Prayers to Diane, Michael, Grubby (Gregory), Bear (Kenneth) and the rest of the Strader family.*
